730 Woodbourne Avenue is a two story house of the twentieth century wooden shingle cottage style. It is topped with a truncated hipped roof. A gablet, containing a two-sash fixed window, projects from each of the four sides of the roof. The roof trim is plain. The first and second stories are divided into three bays. The first and second bays of the second story contain identical windows, each being double hung with 20/1 lights. A bayed projection is situated in the third bay. Double hung windows of 16/1 lights flank a larger central double hung window with 32/1 lights in this projection. First story windows of the first and second bays are double hung with 25/1 lights and have shutters. All windows of the front have plain surrounds. The main entrance, located in the right bay, has a flat-topped transom and side panels. A small window just to the left of the door contains stained glass. An open porch projects from the first story front facade. It is supported by three sets of double columns.

730 Woodbourne Avenue is located just west of Dewees Park on a well used cross-town thoroughfare.

**STATEMENT OF SIGNIFICANCE**

730 Woodbourne Avenue is a well-designed example of a typical style of architecture in early twentieth century Govans.
